Facility AUDIT FINDINGS

Summary of Audit Findings

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

Number of standards exceeded:

2

- 115.317 - Hiring and promotion decisions
- 115.332 - Volunteer and contractor training

Number of standards met:

41

Number of standards not met:

0

INTERVIEWS

Inmate/Resident/Detainee Interviews

Random Inmate/Resident/Detainee Interviews

53. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:	11
54. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)	<input checked="" type="checkbox"/> Age <input type="checkbox"/> Race <input type="checkbox"/> Ethnicity (e.g., Hispanic, Non-Hispanic) <input checked="" type="checkbox"/> Length of time in the facility <input checked="" type="checkbox"/> Housing assignment <input checked="" type="checkbox"/> Gender <input type="checkbox"/> Other <input type="checkbox"/> None

55. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?	This facility has a small population and did a cross section of the entire youth population from each housing unit.
56. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?	<input checked="" type="radio"/> Yes <input type="radio"/> No
57. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	No text provided.
Targeted Inmate/Resident/Detainee Interviews	
58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	1
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
59. Enter the total number of interviews conducted with youthful inmates or youthful/juvenile detainees using the "Youthful Inmates" protocol:	12
60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	0

<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>
<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>This facility is programmatic and does not have many of the specialized youth categories. Discussed with several staff members to validate.</p>
<p>61. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>0</p>

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

84. Did you have access to all areas of the facility?

Yes

No

Was the site review an active, inquiring process that included the following:

85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?

Yes

No

86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?

Yes

No

87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?

Yes

No

88. Informal conversations with staff during the site review (encouraged, not required)?

Yes

No

<p>89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</p>	<p>No text provided.</p>
--	--------------------------

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<p>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</p>	<p><input checked="" type="radio"/> Yes <input type="radio"/> No</p>
--	--

<p>91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).</p>	<p>No text provided.</p>

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual harassment	1	0	1	0
Staff-on-inmate sexual harassment	0	0	0	0
Total	1	0	1	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
Inmate-on-inmate sexual abuse	0	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0	0
Total	0	0	0	0	0

95. Administrative SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Unfounded	Unsubstantiated	Substantiated
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

Sexual Harassment Investigation Outcomes

Note: these counts should reflect where the investigation is currently. Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual harassment investigation files, as applicable to the facility type being audited.

96. Criminal SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
Inmate-on-inmate sexual harassment	0	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0	0
Total	0	0	0	0	0

97. Administrative SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:

	Ongoing	Unfounded	Unsubstantiated	Substantiated
Inmate-on-inmate sexual harassment	0	0	0	1
Staff-on-inmate sexual harassment	0	0	0	0
Total	0	0	0	1

115.311	Zero tolerance of sexual abuse and sexual harassment; PREA coordinator
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>A review of policy, practices, and supporting documents has been conducted. A thorough on-site tour has been conducted. Staff, contractors and partner agencies have been interviewed. Facility practice and culture has been observed and evaluated.</p> <p>Following the comprehensive review, Santa Clara County’s William F. James Ranch facility is determined to be compliant with the elements of this Standard.</p> <p>This agency has two PREA Managers, one for this audited facility and one for the Juvenile Hall that is located in another city (San Jose). The Managers work together and work collaboratively through one PREA Coordinated assigned for the agency. Both the facility PREA Manager and the Agency PREA Coordinator were interviewed for this audit.</p>

115.312	Contracting with other entities for the confinement of residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	This facility does not contract with any other facility to house their youth. This Standard is not applicable. Santa Clara County's William F James Ranch facility is determined to be compliant with the elements of this Standard.

115.313	Supervision and monitoring
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Regarding 115.313 (e) Each secure facility shall implement a policy and practice of having intermediate-level or higher-level supervisors conduct and document unannounced rounds to identify and deter staff sexual abuse and sexual harassment. Such policy and practice shall be implemented for night shifts as well as day shifts. Each secure facility shall have a policy to prohibit staff from alerting other staff members that these supervisory rounds are occurring, unless such announcement is related to the legitimate operational functions of the facility.</p> <p>Supervisor and/or mid-level management rounds are conducted throughout the facility and notated on a shift log that has been reviewed by the auditor. However, knocking on the door prior to entry is standard procedure, or at least the widely used practice, for all staff, which brings into question how any type of round could be classified as unannounced since staff and youth are alerted to someone entering for virtually all housing unit visits.</p> <p>Supervisors and managers should have some fully unannounced, documented rounds to check in on the housing units, staff, youth and young adults.</p> <p>This Standard was found to be non-compliant during the initial audit and documented in the interim report.</p> <p>During the Corrective Action Plan visit on February 9th, 2024, the auditor finds that the facility has implemented processes to ensure that there are announced rounds termed "PREA checks" within each of the housing facilities. These are documented with both a checklist within the housing unit and within a daily "SPC" log that is held in the control room.</p> <p>These unannounced rounds are directed to occur at least twice during an 8 hour shift. The doors to the housing units remain open at night. The auditor also interviewed residents, line staff, and a supervisor. All indicated that these unannounced rounds are occurring.</p>

	<p>The auditor has reviewed logs for four weeks to ensure that this practice is in place. The facility has minimum staffing requirements and a mandatory overtime to meet the required levels. Additionally, the facility ensures that two staff are always with any youth. The facility utilized their PREA Review Board to ensure that their staffing plans are adequate for prevention and response to any PREA related incident.</p> <p>The findings during follow up visit find the facility compliant with this Standard.</p>

115.315	Limits to cross-gender viewing and searches
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>In regard to 115.315 (d): The facility shall implement policies and procedures that enable residents to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering a resident housing unit. In facilities (such as group homes) that do not contain discrete housing units, staff of the opposite gender shall be required to announce their presence when entering an area where residents are likely to be showering, performing bodily functions, or changing clothing.</p> <p>Knocking on all doors may have created an expectation that signals someone is coming into the housing unit, instead of using it to message and alert that opposite gender staff is entering the pod/housing unit. This practice of knocking and announcing upon entry would be a sound practice if it had only opposite gender present meaning, but it appears that it is utilized universally. Through interviews with staff and residents, it is apparent that the announcing occurs "most of the time", but staff knock regardless of the gender entering the unit.</p> <p>The auditor and non-certified auditor staff thoroughly toured the facility and assessed areas for privacy and documented camera angles. Multiple random staff and youth interviews were conducted that were consistent with privacy being a priority for the facility. The agency does not do cross-gender strip searches.</p> <p>The auditor revisited the facility on February 9th, 2024 to assess the progress on the Corrective Action items. The auditor interviewed the PREA Manager for the facility and reviewed a survey that was used as a refresher training for the staff at the facility. The survey posed scenarios of how a housing unit may be staffed and whether it needed a knock and announce for the opposite gender entering. The facility focused the survey quiz for when they should alert residents to a change in the status of the gender of the staff member overseeing the housing unit: Announcing with the entry of another staff member of a different gender than was already there. The staff received high scores for the survey quiz, with many of the</p>

	<p>staff receiving at or nearly 100% on the questions surrounding this Standard.</p> <p>Staff and residents were interviewed about the practice of announcing for opposite gender or status change. The interviews yielded information that staff has put this into practice and it is becoming part of the culture of the facility.</p> <p>It is determined that the facility is compliant with this Standard.</p>

115.316	Residents with disabilities and residents who are limited English proficient
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>115.316 (b): The agency shall take reasonable steps to ensure meaningful access to all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment to residents who are limited English proficient, including steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary.</p> <p>While the facility has a contract with an interpreter service, youth or staff could not demonstrate it, find the number for a language line or provide the procedure for its use. Appropriately, the facility does not use resident/youth interpreters, but utilizes county staff if needed; however, this practice does not allow youth to anonymously report as they don't have access to an interpreter service.</p> <p>It was determined that the facility is not compliant with this Standard at the time of the <i>Interim Report</i>.</p> <p>The auditor visited the facility to follow up on Corrective Action items on February 9th, 2024.</p> <p>During this visit, the auditor observed signs in the housing units and clinic, advising residents and staff of the availability of a translator service, including the sign-in instructions. The auditor interviewed staff about their knowledge of how to obtain an interpreter. In one case, a staff member was grateful for the additional information and found it helpful. All now had general awareness of how to contact an interpreter for any language. The auditor also obtained a directive memo that was sent to all staff for awareness and a reminder of this particular PREA Standard.</p> <p>The facility is determined to be compliant with this Standard.</p>

	<p>Auditor Overall Determination: Exceeds Standard</p>
	<p>Auditor Discussion</p>
	<p>A review of policy, practices, and supporting documents has been conducted. A thorough on-site tour has been conducted. Staff, contractors and partner agencies have been interviewed. Facility practice and culture has been observed and evaluated.</p> <p>In regard to this Standard, the agency was observed to go above and beyond having the PREA auditor and non-certified auditor assistants take the facility's PREA training and subjected them to a Live-Scan background before they were granted access to the facility and its youth and young adults.</p> <p>Since the State of California DOJ does not permit the use of the Child Abuse Central Index (CACI) for any staff except sworn, a recommendation to continue their current background processes for their non-sworn and contractors. In addition to this recommendation, HR was also advised to consider utilizing the web-based Megan's Law website as an additional screening tool for awareness of those who are registered sex offenders.</p> <p>Following the comprehensive review, Santa Clara County's William F. James Ranch facility is determined to exceed the elements of this Standard.</p>

<p>115.318</p>	<p>Upgrades to facilities and technologies</p>
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>Recommendation: Cameras of "Phase II" in older sections of the Ranch, including the culinary arts building, has walk-in refrigerator/freezer and storeroom. Youth/young adults and staff have access to these enclosures, but there are no cameras whatsoever. Cameras do not necessarily need to be inside them, but it would be helpful if one could see the view outside to know that staff and youth do not enter these rooms together.</p> <p>Finally, the auditor finds that the recording of the current cameras is not yet authorized by the County. The auditor strongly recommends that this practice is approved and enacted as soon as possible to provide additional tools in preventing, detecting, and responding to allegations of sexual assault and sexual harassment in the facility.</p> <p>Upon revisiting the facility during the corrective action period, the auditor learned and was provided with documentation that the recording policy is now authorized and is being implemented on the current camera system. Funds for additional cameras in the older section of the Ranch have been requested.</p>

	<p>A review of policy, practices, and supporting documents has been conducted. A thorough on-site tour has been conducted. Staff, contractors and partner agencies have been interviewed. 115.353	Resident access to outside confidential support services and legal representation
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>115.353 (a): The facility shall provide residents with access to outside victim advocates for emotional support services related to sexual abuse, by providing, posting, or otherwise making accessible mailing addresses and telephone numbers, including toll free hotline numbers where available, of local, State, or national victim advocacy or rape crisis organizations, and, for persons detained solely for civil immigration purposes, immigrant services agencies. The facility shall enable reasonable communication between residents and these organizations and agencies, in as confidential a manner as possible.</p> <p>The auditor observed a log in the nurse's office for the "Red Phone". This phone is a phone that does not have a keypad, but directly dials the YWCA, which is the contracted, qualified crisis line. The observed phone use log is inclusive of the date, time, and who used the phone. A discussion with the on-duty nurse disclosed that the nurse follows up with those that use the phone, in an effort to help. The nursing staff attempts to learn how they might assist the youth or young adult, to get them the resources needed. This practice potentially strips the caller of the confidentiality requirement if the youth is desiring to keep their matter private.</p> <p>Additionally, it is further recommended that staff help eliminate stigma associated with the use of the phone. In one allegation reviewed, staff openly asked a youth/ young adult if they needed to use the "red phone" after they made an allegation, effectively indicating to those around that the resident may be a victim of a sexual harassment or assault.</p>

	<p>Finally, while the auditor and assistant were able to get through to YWCA immediately on the red phone in the nurse's office, it should be noted and communicated that during afterhours and weekends, the caller would need to speak prompts, since the phone itself does not have any keys on it. The auditor learned that during off hours, the line goes to a call routing system that is not directly to the crisis worker. The caller will need to press or speak "9" to get to a worker. Speaking "9", instead of pressing a key was tested and worked as designed.</p> <p>Initially it was determined that the facility does not meet this Standard.</p> <p>The auditor revisited the facility on February 9th, 2024. The facility has taken steps and implemented policy and practice to ensure confidentiality for residents utilizing the "red phone". It is widely promulgated within the facility that the phone is for any type of crisis counseling, not only for reporting sexual assault or abuse. The RN who manages the clinic has received a memo from the facility management to only log the number of residents using the phone. Furthermore, the Crisis Phone Log beginning January 2024 reflects only the a tally of how many residents have or will use the phone, with no name or purpose recorded on in the log.</p> <p>It is determined that the facility is compliant with this Standard.</p>

115.354	Third-party reporting
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>115.354 (a): The agency shall establish a method to receive third-party reports of sexual abuse and sexual harassment and shall distribute publicly information on how to report sexual abuse and sexual harassment on behalf of a resident. Signs and other materials direct youth for various methods of reporting.</p> <p>In regard to this Standard, the auditor interviewed a crisis center worker who advised that they are a mandatory reporter for those under 18. However, this juvenile facility houses young adults who can be up to 26 years old. This creates a gap in reporting a sexual crime that has occurred involving the young adult. In this scenario, the Santa Clara Probation Department, James Ranch is the guardian of the young adult and authorities should be notified of the crime.</p> <p>It is determined that the facility initially did not meet this Standard.</p> <p>The auditor returned to the facility on February 9th, 2024 to review the corrective action items. The facility administration has renewed the expired contract with the YWCA, the third party agency utilized for reporting sexual assault or abuse. The management of the facility has also sought clarification with YWCA and language</p>

	<p>within the contract that states that they report on behalf of a "child". The facility management has received in writing from YWCA that they will report on behalf of anyone in a juvenile facility. The facility QA staff have developed a schedule to check in with the call-takers at the YWCA monthly, to ensure that they will report for anyone in the facility. The QA staff calls the crisis number and asks the call agent that answers if they would report for anyone in the facility, or only a child.</p> <p>It is determined that the facility is in compliance with this Standard.</p>

	<p>A review of policy, practices, and supporting documents has been conducted. A thorough on-site tour has been conducted. Staff, contractors and partner agencies have been interviewed. Facility practice and culture has been observed and evaluated. When the agency or facility learns that a resident is subject to a substantial risk of imminent sexual abuse, it takes immediate action to protect the resident. Staff interviews revealed that they have an obligation to immediately protect youth in this situation.</p> <p>Following the comprehensive review, Santa Clara County's William F. James Ranch facility is determined to be compliant with the elements of this Standard.</p>

	<p>Recommendation:</p> <p>Have a plan and contingencies communicated for female youth/young adult if in imminent danger of being abused.</p> <p>Some staff interviewed were uncertain what they would do, although all said to remove her from the housing unit and probably send her to Juvenile Hall. While that is one sound way to protect, by giving the potential victim her own room, the facility should consider if going to juvenile hall or going to isolation is punitive, especially if the female is a trans-female.</p>

115.363	Reporting to other confinement facilities
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>A review of policy, practices, and supporting documents has been conducted. A thorough on-site tour has been conducted. Staff, contractors and partner agencies have been interviewed. Facility practice and culture has been observed and evaluated. The agency has a policy requiring that, upon receiving an allegation that a resident was sexually abused while confined at another facility, the head of the facility must notify the head of the facility or appropriate office of the agency or facility where sexual abuse is alleged to have occurred. The agency has not had a recent matter matching this situation, but the policy is compliant and includes ensuring this report is completed within 72 hours. An interview with the facility administrator confirms that they would report this immediately.</p> <p>Following the comprehensive review, Santa Clara County’s William F. James Ranch facility is determined to be compliant with the elements of this Standard.</p>

	Auditor Discussion
	<p>A review of policy, practices, and supporting documents has been conducted. A thorough on-site tour has been conducted. Staff, contractors and partner agencies have been interviewed. Facility practice and culture has been observed and evaluated. Multiple staff interviews confirmed that staff understand their obligation and the urgency of their response to any allegation of sexual abuse.</p> <p>Following the comprehensive review, Santa Clara County’s William F. James Ranch facility is determined to be compliant with the elements of this Standard.</p>

	<p>Recommendation:</p> <p>While the "red phone" is a great resource for reporting, some staff interviewed believe that it is policy that a youth needs to utilize the phone if they are alleging an sexual harassment. Those that don't believe it is policy, they believe it should be suggested to the alleging youth/young adult.</p> <p>This is somewhat counterintuitive. Should an allegation be received by staff, they have policy and procedure to escalate the complaint to management, management has demonstrated that they refer the allegation for investigation. Calling the crisis center can get the reporting party an advocate and will report the situation for investigation, however the referral for investigation should already be under way, and staff should be asking if the youth/young adult would like crisis support without them needing to call for it themselves.</p>
